COUNTRY IS ALIVE. COUNTRY IS HERE AND NOW AND NOT SOME RELIC OF THE PAST.

We acknowledge and pay our deep respect to the Ancestors, Elders, and families of the Traditional Owners on all of our campuses. At Victoria University (VU) we honour Indigenous cultures. Everything we do and every decision we make is underpinned by a commitment to Protecting Country. Country is both a place of belonging and a way of believing, as well as contributing to the conservation of critical environmental and diverse cultural assets. It is a community-driven movement towards long-term social, cultural, physical, and economic prosperity and sustainability.

FINDING THE RIGHT PATHWAY FOR YOU

Learn more about pathways at VU

Life doesn't follow a linear path, so why should your career? Whether you've just graduated from Year 12, thinking about an apprenticeship, or switching careers, we can help you find the right path.

At VU, we know that an ATAR score doesn't define you. We believe in your drive, commitment, passion, and personal skills.

We consider your individual experiences and can advise you on the best path for success. This could include completing a TAFE course, undergraduate diploma or degree.

Credit for prior study can also reduce the length of your course. Check your eligibility using our credit calculator located in the QR code on page 15.

Most subjects (units) equal 12 credit points and studying full-time, you will complete between three to four subjects per semester.

FLEXIBLE LEARNING TO BUILD YOUR DEGREE

BUILD THE SKILLS YOU NEED

The practical, flexible VU Block Model allows you to build the skills you need for your career. We collaborate with industry partners to design career-focused courses so you can get to where you want to go.

CONNECT AND COLLABORATE

Your classes are held in interactive learning spaces, including industry partner facilities. You'll collaborate with your classmates and get real-time feedback on your assessments as you progress. It's a way of learning that connects you to other students, to your teachers and to industry partners – and ultimately your chosen career.

FLEXIBLE AND ADAPTABLE LEARNING

Classes are small and collaborative with more face-to-face time with your teacher. There are also options to fast-track or pause your studies if life demands a break. The VU Block Model allows you to focus on one subject at a time through three hour classes, three days a week.

Our higher education courses are taught through our award-winning VU Block Model. An innovative and internationally recognised teaching and learning model, it has a proven track record of academic and career success for our students.

The VU Block Model is different to other learning methods as it allows you to focus on one subject at a time, rather than studying multiple subjects at once.

This means you'll have more time to get to know your teacher and classmates, put theory into practice, apply your knowledge to real-world scenarios, and build the skills and confidence needed to enter your chosen career.

HOW VU BLOCK MODEL WORKS

↓ There are five entry points where you can start your course.

*Some courses are eligible for Summer and/or Winter Block studies. Visit vu.edu.au/study-at-vu/courses to find out more.

- ◆ Learn in small classes where your voice is heard.
- ◆ Enjoy more flexibility for your social life, work, family and everything else that matters.

“

I'VE LOVED STUDYING UNDER THE VU BLOCK MODEL. IT MEANS WE COMPLETE ONE UNIT EVERY FOUR WEEKS SO IT'S EASIER TO FOCUS. IT'S ALSO GIVEN ME MORE TIME TO WORK IN BOTH MY RETAIL JOB AND MY VOLUNTEERING. THE SMALLER CLASSES ALLOW BETTER CONNECTIONS AND REALLY TRUSTING, RESPECTFUL DISCUSSIONS.

Explore life at VU

Get involved in the things that matter to you at VU and balance your study, work and social life.

It all begins at O-Fest, our version of orientation, where you can meet and get to know other students, sign up to VU clubs and societies or start your own.

Throughout your studies, brush up on your cinema knowledge at Open Cinema Nights, learn more about a new culture at Cultural Diversity Week, and let your hair down at one of our end-of-subject parties. VU offers the perfect opportunity to discover

new interests or build on an existing hobby. There are several week-long events throughout the year that contribute to big ideas and give everybody a voice on important topics like sustainability, inclusion, Pride, and refugee support.

Integrate into the community and gain valuable experience and contacts through our volunteering opportunities. V4U is an annual volunteering day that connects VU staff and students with communities in Melbourne's western suburbs: the heartland of VU.

It's easy to look after your mind and body at one of our campus gyms with great facilities, including pools, indoor sports courts, athletics track and personal trainers. Clock some alone time and work out on your own, or join a team and compete against other universities.
